

## **Children's Information Protection Form**

### **Ensuring Confidentiality and Protection for Your Child**

At **Huebner Dental**, your child's safety and confidentiality are our foremost priorities. To uphold these values, we require official court orders as part of our documentation process in cases of divorce or separation. These court orders serve as clear, legally binding records that specify who holds consent authority and who is permitted access to your child's Protected Health Information (PHI).

By following this procedure, we are committed to protecting the confidentiality and well-being of each patient under our care.

### **Financial Responsibility in Cases of Divorce or Separation**

In situations involving divorce or separation, one or both parents may be held responsible for fees as directed by the court. However, please note that we cannot serve as intermediaries between the parents and the collection of payment for treatment rendered.

Thank you for your understanding and cooperation in helping us provide the highest standard of care and confidentiality for your child.

### **Guardian's Acknowledgment**

I, the undersigned, acknowledge and understand the policies set forth above regarding the submission of official court orders, and financial responsibility in cases of divorce or separation.
